

# The Worcester Greenstar Highflow CDi

Our Greenstar Highflow CDi has been developed specifically for larger two bathroom properties where there is a need for higher heating and hot water outputs.

## Why install a Greenstar Highflow CDi?

- Instantaneous hot water, always available
- Larger two bathroom homes can be supplied due to high outputs
- Wide choice of controls including smart options enables greater comfort economy
- Fits underneath a standard kitchen worktop
- Frost protection is included, reducing frost risk if installed in a garage or a cellar

## Know your system

Combination, or 'combi' boilers, heat water directly from the mains when you turn on a tap, so you won't need a hot water storage cylinder or a cold water storage tank.
