

The Worcester Greenstar Danesmoor System

Our Greenstar Danesmoor System is designed for homes with a heating system that includes stored hot water. With a simple heating control, and the option for a plug-in programmer, it is perfect for installation in your kitchen or utility.

Why install a Greenstar Danesmoor System?

- Wide range of heating outputs
- No need for separate pump and loft tanks
- Can be located in your kitchen or utility room
- Optional 7-day programmer available for greater control and energy efficiency
- Can be used with Greenskies solar panels for energy and cost savings
- Compatible with Greenstore hot water cylinders

Which? Best Buy

Every Greenstar oil boiler has been awarded Which? Best Buy status

5 Year Guarantee

Up to 5 years guarantee on all Worcester oil boilers when fitted with a Greenstar System Filter

*The appliance is suitable for an under-working installation providing that the worktop above the boiler (min. 10mm clearance) is removable for maintenance and repair.

Suggested Worcester control

Digital 7 day programmer

Accessories

Greenstar System Filter

5
YEAR
GUARANTEE

Install a Greenstar System Filter to protect your heating system from contamination and extend your standard 2 year guarantee to a 5 year guarantee.

Boiler dimensions

The Greenstar Danesmoor System will fit under a standard kitchen worktop*.

Know your system

System boilers require a cylinder for storing hot water, however the major heating and hot water system components are built into the boiler itself, making it quicker and neater to install.
