

The Worcester Greenstar Highflow CDi combi

Why install a Greenstar Highflow CDi combi?

- ▶ Instantaneous hot water, always available
- ▶ Larger two bathroom homes can be supplied due to high outputs
- ▶ Wide choice of controls including smart options enables greater comfort economy
- ▶ Fits underneath a standard kitchen worktop
- ▶ Frost protection is included, reducing frost risk if installed in a garage or a cellar

Boiler dimensions

The Greenstar Highflow CDi range will fit underneath a standard kitchen worktop.

Know your system

Combination, or 'combi' boilers, heat water directly from the mains when you turn on a tap, so you won't need a hot water storage cylinder or a cold water storage tank.
