

The Worcester logo features a stylized blue and red wave icon to the left of the word "WORCESTER" in a bold, blue, sans-serif font.The Bosch logo consists of the Bosch symbol (a circle with a stylized 'H') to the left of the word "BOSCH" in a bold, red, sans-serif font.

DISCOVER THE STYLE RANGE

MEET THE HEART OF YOUR HOME.

Style is the boiler of the future. It's smart, it's connected,
it's powerful and it's the heart of your home,
warming you and your family for years to come.

THE BOILER, BUT NOT AS YOU KNOW IT

After 50 years of award winning innovation, we have created a boiler that can sit proudly at the heart of your home. It's one of our quietest and most powerful boilers yet, with simple controls and wireless connectivity making your home's heating and hot water easy to manage.

WHY CHOOSE STYLE?

- This is the latest boiler from our multi-award winning Greenstar range
- Style introduces an industry leading new design. Not only this, it's also our most powerful wall hung combi boiler, with outputs of up to 50kW
- Thanks to its wireless compatibility with the Bosch EasyControl, Style gives you the power to control your home's heating and hot water from anywhere
- Built with simplicity in mind, Style features an easy-to-read, full-colour text display on the boiler controls
- Style features innovative new software that works with the unique optional Intelligent Filling System to help to ensure your system pressure is maintained and your boiler continues working at it's best
- You'd be joining the thousands of other happy customers who rate us 5* on Trustpilot

	Combi and System**				
LIFE	3 0 k W	3 5 k W	4 0 k W	4 5 k W	5 0 k W
Combi flow rate at the hot water tap (35°C)	12.3 l/min	14.3 l/min	16.4 l/min	18.3 l/min	20.3 l/min
ErP Space Heating Efficiency Class	A / 94%	A / 94%	A / 94%	A / 94%	A / 94%

And now, for complete peace of mind, you can also receive up to a **10 year guarantee** on any new Style boiler.*

*Subject to terms and conditions.

** Flow rate relates to Combi only
